DETAILED ACTION

Response to Election

The examiner is in receipt of applicant's response to office action mailed 1/23/2006, which was received 5/16/2006. Acknowledgement is made to applicant's election of group Ia including claims 1-3,9-11 and 17-19 without traverse, and amendment to claims 1 and 9-17.

Examiner's Note

Examiner has cited particular columns and line numbers or figures in the references as applied to the claims below for the convenience of the applicant. Although the specified citations are representative of the teachings in the art and are applied to the specific limitations within the individual claim, other passages and figures may apply as well. It is respectfully requested from the applicant, in preparing the responses, to fully consider the references in entirety as potentially teaching all or part of the claimed invention, as well as the context of the passage as taught by the prior art or disclosed by the examiner.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claims 1-3,9-11 and 17-19 are rejected under 35 U.S.C. 102(e) as being anticipated by Schon (US 2005/0071234).

In regards to claims 1-3,9-11 and 17-19, Schon teaches all the features of the instant claims. For instance, Schon teaches maintaining a list of items selected by a customer and using that information to recommend products that may be of interest to the customer (para 0082-0097).
